

Precision Rifle Class Requirements

Required Equipment List

- Rifle (bolt action or semi-automatic) capable of 2 MOA (less than two-inch group at 100 yards) accuracy. Please arrive with your rifle zeroed at 100 yards if possible.
- Optic of at least 6x magnification. Long range MRAD or MOA “Christmas-tree” style reticle preferred (Horus Tremor 3, Nightforce Mil-XT). BDC-style reticles are discouraged.
- Bipod: Harris and Atlas are the industry standards. Magpul bipods are not recommended.
- 40 rounds of the same match ammunition. Recommended factory ammo is Hornady ELD or Sierra Match King. Rifles chambered in .223/5.56 match ammunition of at least 69 grain.
- Appropriate clothing for the weather forecast. The primary shooting area is covered. We recommend long pants for kneeling and prone shooting. Closed-toe shoes are required.
- Shooting bags
- Notebook or index cards
- Pen or pencil to take notes
